SEXUAL HARASSMENT REPORT OF INVESTIGATION

Investigation Narrative:

Offender Richardson #127630 states that back in 2005 while he was housed in B building, that roommate had raped her. Roommate at that time was ID as Baily #106704. Both were living in B building B-B2 103 at the time offender Richardson states.

Summary of Outcome:

I PCM C. Conyers, I looked through IRIS for documents to help with investigation of this PREA. I was able to find the time frame due to finding a conduct report writing on 2/16/05 for a A-102 Battery against another offender. I looked through all SIRS reports and nothing from 2005. My files don't even start till 2011. After looking for documentation for this incident I did find from 8/22/22 a Transgender/Intersex Placement Review requesting to be transferred to a female facility and found in the documents along with the 2005 incident, there were 2 others but only could locate one other SIRS report. When offender Richardson submitted her paperwork to the review committee, she never stated any PREA incidents in her form she filled out. She just states for her safety she wishes to transfer to a female facility. I was able to locate an interview report from the PCM from CIF talking about the 2 other PREA issues. I also looked at offender bed history and she was in and out to the hospital often and could have reported to transport staff or medical staff about the incident from 2005. I could only find the stabbing incident but can't find anything about the PREA incident from 2005. I found this incident to be unsubstantiated. I've attached some other documents with this report.

Transgender/Intersex Facility Placement

Incarcerated Individual Statement

You have identified as transgender or have been diagnosed as intersex. The IDOC is going to review your current facility placement based on the Prison Rape Elimination standard 115.42 (e). As part of that review, please provide the Facility Transgender Committee a written statement regarding:

- What gender of facility do you prefer?
- Why do you want or feel the need to move?
- What accommodations would you like IDOC to consider to assist in making you feel affirmed?
- Any other information you feel the committee should know about you.

I'm a Transwoman who prefers to be housed in a female facility. I
feel that I would be less likely to be raped in a female facility, that
I would be subjected to less physical violence against my person, that I
can further stabilize and maintain my Gender Dysphoria Mental health issues
by being around other women as the male facility is a Toxic environment of masculinity, and
In a male facility I am bombarded with propositions for sex and looming
violence if refused; I ^{have been} degraded, threatened, physically assaulted, raped on more
than one occasion during my incarceration. I would feel more affirmed if transferred
to a female facility, my female Pronouns and name are used by IDOC and their staff;
some support group for LGBTQAI2S+ was provided ~~previously~~ I've been incarcerated
almost 22 years and have had to live as a "Male" for my own safety, now that I
am living my true self, as the woman I am; It won't be if I'm assaulted, it will be when.

Confidential Record

On 10-19-2022, I Alison Yancey was talking to 127630 Jonathon Richardson about his request to transfer to a female facility. I ask him if he had ever documented abuse at any of his facilities and he stated "no". Jonathon Richardson then proceeded to tell me of three different facilities and the sexual abuse that had occurred.

In 2005, Richardson stated that an Inmate nicknamed "Big Panties" was his cellmate. The offender named only as "Mike" had according to Richardson, raped him several times. Richardson stated that his was tired of the sexual abuse and stabbed his cellmate (what I found out to be Michael Bailey 106704). This was reported to the Warden of Pendleton Correctional Facility for investigation in 2022. This was all the Information Richardson reported.

In 2008, while at Wabash Valley, Richardson said he was in "F" dorm and was gang raped by 3 offenders. One was the "block leader". He stated that he got heavy on medication after that. Richardson had nothing else to report. This was reported to the Warden for investigation in 2022.

In 2016, Richardson stated that he was forced to have oral and anal sex with 4 different offenders. Richardson stated that he did not know names, only that the offenders belonged to the 2-1 STG group. Richardson said that he performed oral and anal sex with two offenders once and two offenders twice. He did not have any more information. This report was investigated in 2022.
